Failure to deliver goods in strict conformance with the terms and conditions of this contract will incur default action as provided for under Section 26 of the General Provisions. This includes timeliness of deliveries and quality levels of items received.

4. 30-DAY TERMINATION

The State may terminate this contract for convenience upon thirty (30) days written notice. Upon termination or other expiration of this contract, each party will assist the other party in an orderly termination of the contract, as to facilitate the orderly, non-disrupted business continuation of each party.

5. QUANTITY

Quantities shown for each line item are estimated and are the anticipated purchasing pattern. Actual purchases may vary from this pattern. The State will not be obligated to purchase contractors' excess inventory of any line item if actual purchases vary from the anticipated purchasing pattern. The State may purchase these items from other than the contractor in the event of an emergency.

6. CONTRACT DOLLAR VALUE

If the contract dollar value plus 40% is expended before the expiration date, the contractor shall notify the State contract administrator immediately. The contractor is responsible for providing a written notification along with providing all usage reports for justification. The contract shall include a statement of intention to either continue or terminate the contract. The contractor may continue to accept orders until the State returns a written decision of the disposition of the contract. At that time, the contract may be terminated by either party or, by mutual agreement, be allowed to continue until the expiration date or such other date mutually agreed upon.

The contractor shall refuse to accept any orders after a date set for termination, and the state may disclaim liability for any purchases made after such date. The total dollar value of this contract is subject to a variance. If the expiration date occurs before the contract dollar value less 20% is expended, the contract may be extended, upon mutual State and Contractor's agreement, until the minimum dollar value is reached.

The State shall be excused from purchasing the minimum contract quantities to the extent that such reduced requirements are caused by closure of State facilities, cancellation, or reduction of State programs or lack of appropriations.

7. MODIFICATION OF CONTRACT

Delivery sites may be added or deleted as deemed necessary by DGS' Procurement Division.

At the discretion of the State, any contract may be modified in whole or in part upon mutual agreement of both parties. Such modifications shall be in writing, signed and dated by an authorized representative of each party.

All original Terms and Conditions shall remain the same during the extensions. Emergency Extension option may be exercised in the event that a replacement contract cannot be established due to the protest of Intent to Award, loss of key State procurement staff, or other circumstance that would otherwise cause an unanticipated disruption in the State contracting process.
